As a parent, where do I go to learn about Google Classroom?

- Please visit [Online Learning Tools for Students and Parents](#)

How can my student access Google Classroom? [Online Learning Tools for Students and Parents](#)

- Students need to use both their WCBOE email and password to log in to Google Classroom, where they will be invited to join a class.

What is my student's password for Google Classroom?

- The password is the lunch number plus 000.

How can my student access Google Classroom from home?

- This tutorial was made for students: [Intro to Google Classrooms- Student view](#)

Step-By-Step Directions:

7. Students will go to the Internet (Chrome, if possible). [Intro to Google Classrooms- Student view](#)
8. Navigate to **classroom.google.com**.
9. Students may need to select Use Another Account if the parent already has a Google account on the computer.
10. Students should enter the school login: **username@students.wcboe.org**. Students may be directed to the county's organizational page and will need to enter the same username again (e.g. [smith12345@students.wcboe.org](#)).
11. Use the school password: **student's lunch number plus 000**.
12. Once logged in, Students will select the **Waffle** at the top right of the screen to get to the Classroom.

What if my student needs to add the WCBOE account but there is not a Google account on their device?

- They can click on her profile picture at the top of the screen and Add Another Account.
- Each student must use a WCBOE email account: [usernameandnumber@students.wcboe.org](#).

What should I do if my student has problems accessing Google Classroom using WCBOE email?

- If students use their WCBOE email account, they should not have problems. If, however, students are using their own computers, they will need to change the account to WCBOE; Please be mindful that ChromeBooks use personal Gmail accounts. This will need to be changed.

How can my student complete work and submit assignments on his phone?
